

ScenicLiving

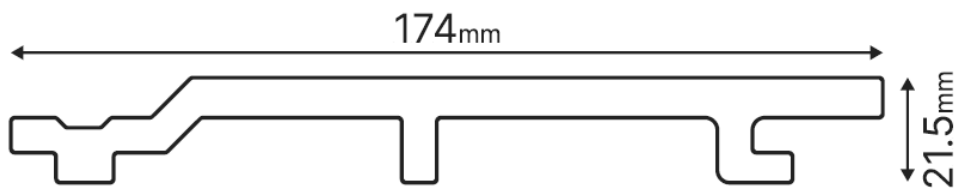

Composite Panel Cladding

ScenicLiving Composite Panel Cladding offers a clean, contemporary finish with outstanding durability at an affordable price. It is available in four stylish colours with optional colour-matched trims and fascia boards.

Crafted in a capped, multi-tone composite, these cladding boards have a natural wood look, offer superior protection against weathering, staining and fading caused by UV rays, and require minimal maintenance.

- ✓ Premium quality at an affordable price
- ✓ Durable capped design, offers advanced protection against weathering, stains and UV fading
- ✓ Low maintenance, requiring no painting, staining or sealing
- ✓ Versatile application - ideal for homes, garden rooms, extensions and interior feature walls
- ✓ Modern aesthetic, available in a choice of contemporary colours
- ✓ 10-Year warranty for additional peace of mind
